New rule in Australia.

After Saturday night 27 March 2020 at 11:59pm.

This is the same as from midnight. It is now Sunday 28 March 2020.

There is a new rule in Australia. It is to slow down COVID-19. This rule is as well as the rules in What is shut? Australia Step 1. **and** What is shut? Australia. Step 2.

There are lots of people from Australia

- Overseas;
- Who want to come home.

The new rule says anyone who comes in to Australia

- Must stay in the city they get to. Like Melbourne;
- Stay away from everyone. It will be in a
 - Hotel;
 - A different place;
- For 2 weeks.

This is called **quarantine**.

You pay **no** money for the hotel room. You must stay in this place **all the time**.

You must **not** leave. You will get help for

- Food;
- Pills;
- Other medicine.

Ask for other things you need. Like

- Toys for your children;
- Manual wheelchair;
- Shower chair;
- Support person to help you
 - Get dressed;
 - Shower.

You can **not** meet other people.

At the end of 2 weeks you may go home.

But

Some people may get sick. You must stay. The doctors will tell you what to do.

You can go home only when you do **not** have COVID-19.

You may need to go on a plane. Like you live in Perth.

You need to fly from Melbourne to Perth. In some states there are new rules when you go to your state. Like you go from Victoria to Western Australia.

You may have to stay at home for 2 more weeks.

Ask the government in your state.

There will be **more** new rules. Each state may also have more rules.

Read the fact sheet for your state.
