

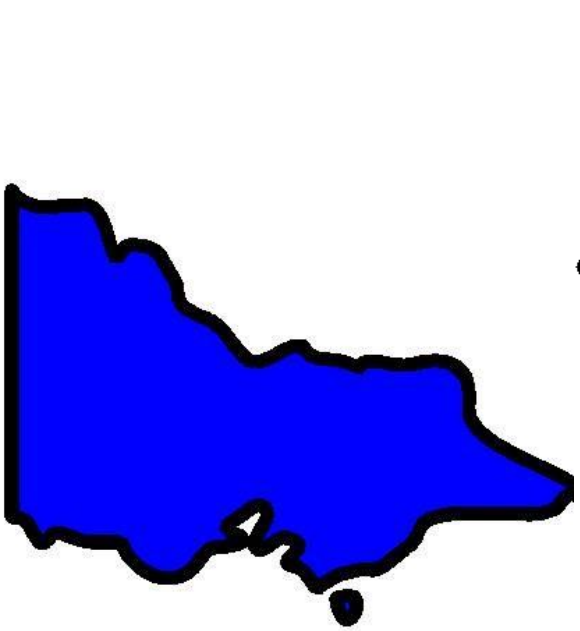
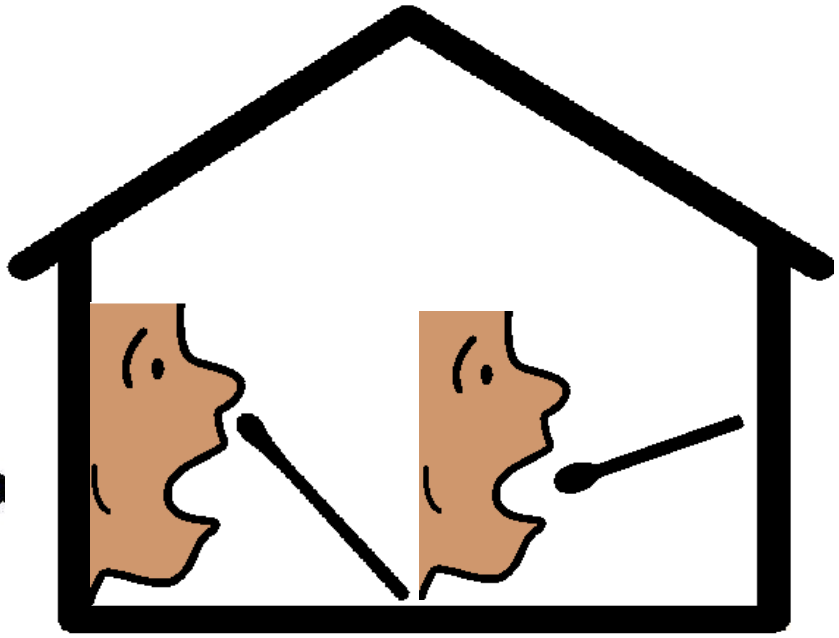
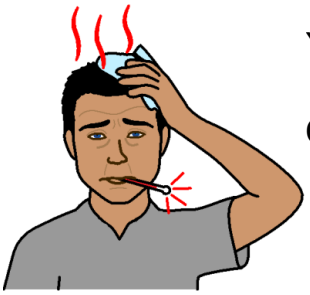
# COVID - 19





**Victoria. Get a test at home.**

10 August 2020



You think you have signs of COVID - 19.

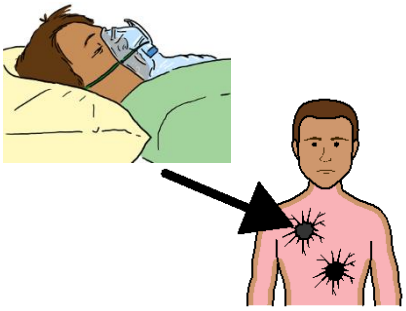
Go to page 7 to read about all the signs.

You can not leave your home. Like

- you have a disability.

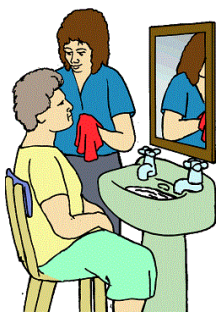
  You can **not** get to a testing site

- you are old. It is hard to get out of home

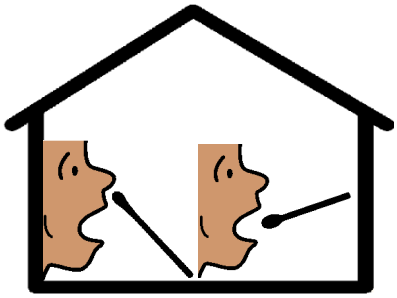


- you are always sick. It is **not** only COVID - 19

- you are at high risk. You may have cancer.

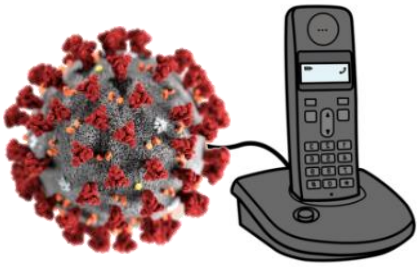


You can also be a carer.

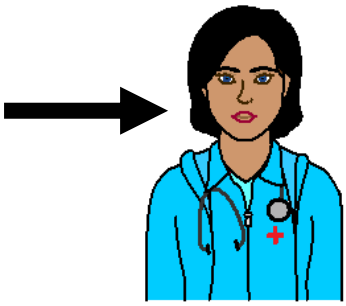


You can get a COVID  -  19 test at home.

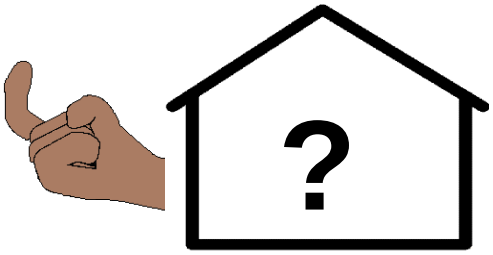
It is a free test.



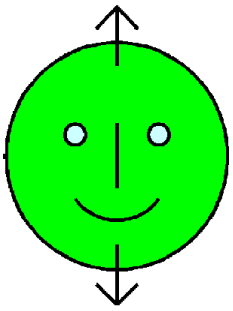
Call  1800  675  398. Then. Choose number  9.



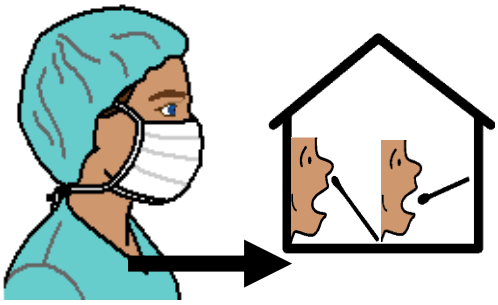
You will talk to a nurse. The nurse will help work out what signs of COVID--  -  19 you have.



Ask the nurse will they come to your home?



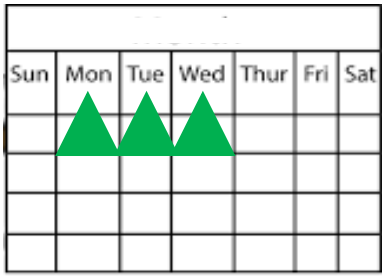
Yes



The tester will come to your home.

You need to get a doctors referral.

You are in Melbourne.



The tester will come in the next 2 days.

Like you ask for a test on Monday.

The tester will come

- later that day

  **or**

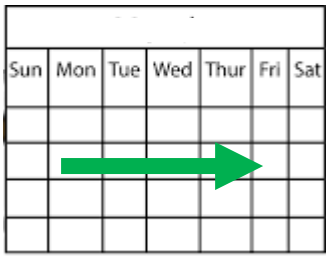
- Tuesday

  **or**

- Wednesday.

You do **not** live in Melbourne.

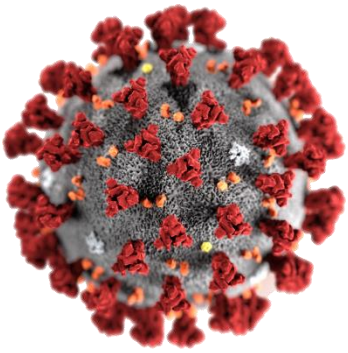
You live in country Victoria.



You may need to wait some more time.

Other states may do tests at home too.

Listen to information from your state.



# COVID - 19
