

Some bad things.

It is online.

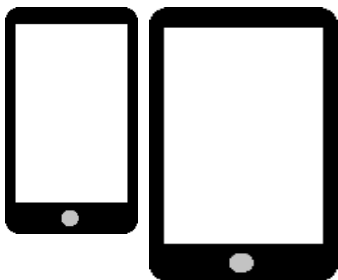

You can talk to other people. We say you are

- on the internet
- or
- online.

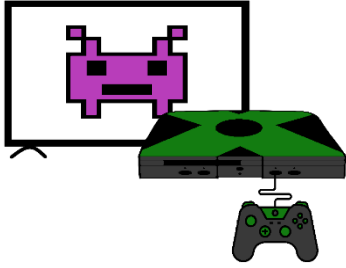

It is when you are on a

- laptop
- computer

- phone
- iPad.

It is when you are on a games console. Like

- an Xbox
- PS4

- Nintendo Switch.

It is when you play games on a computer.

Some bad things

It is abuse. You may get in trouble with the police.

A person says bad things to you.

You feel scared.

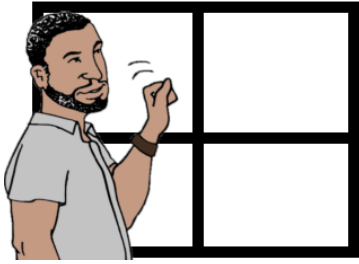

They take your money. They do **not** give it back.

People ask you for your private information.

It may be where you live.

You do **not** want to give it.

A person

- sees you at your home all the time
- checks where you are all the time

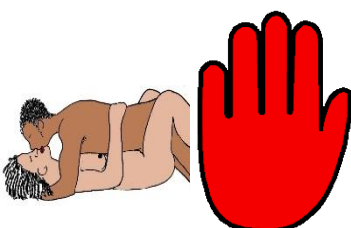

- follows you.

A person makes you do sex things.

Like they make you look at rude pictures

You do **not** want to do this.

You do **not** want to have sex.

You say **no**.

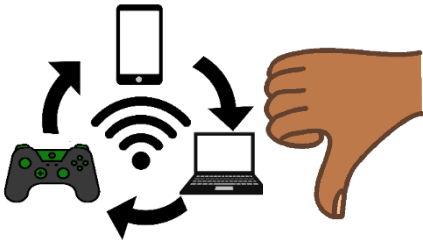

They do **not** stop.

All of these things are abuse.

All abuse is bad.

You are online.

Some bad things.

The person does the same thing.

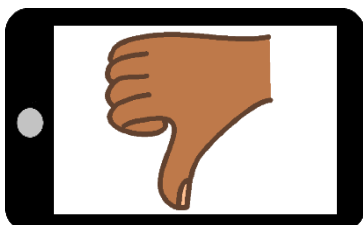

Like they say bad things to you. You feel scared.

But

You are online. Like you are on your

- phone
- computer.

It is called online abuse.

People ask you for your private information.

Like they ask for your Facebook password.

Then

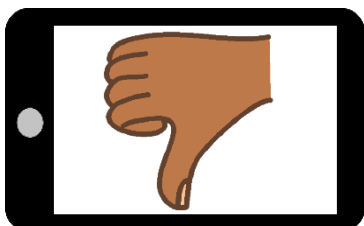

They go on your Facebook page.

They pretend to be you. They post new things.

They are **not** your posts.

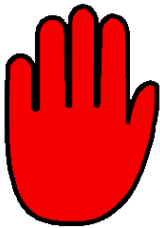

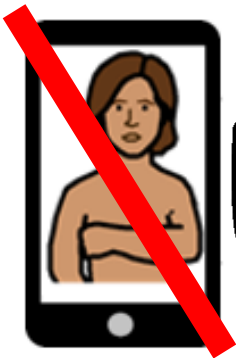

This is online abuse.

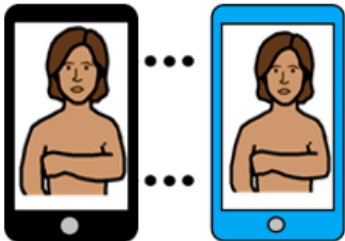

People make you take photos of you.

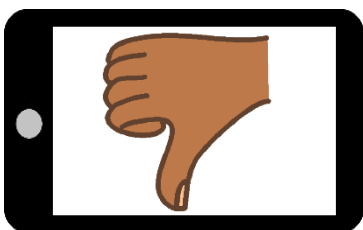

They say have **no** clothes on. You are naked.

You do **not** want to do this.

They may show other people.

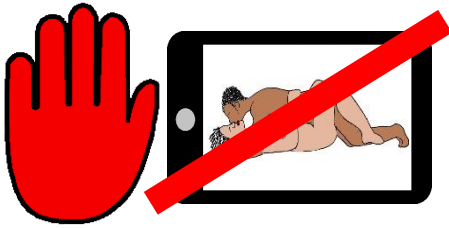

This is online abuse.

They show you things you do **not** like.

It may be photos of sex.

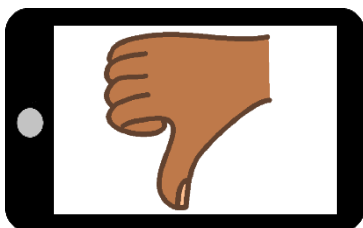

You say **no**. You do **not** want to see this.

But

They still show you the photos.

This is online abuse.

They call you on the phone.

They do this all the time.

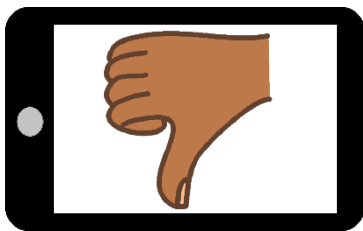

You do **not** want them to call you.

They follow you on your iPhone.

They know where you are all the time.

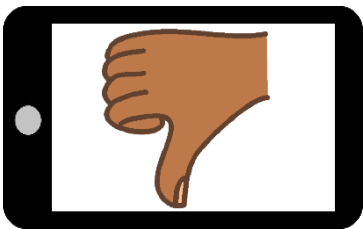

You did **not** ask them to do this

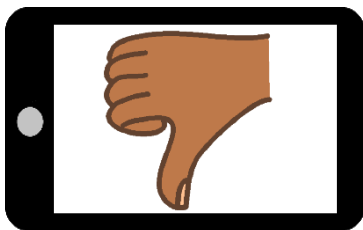

This is online abuse.

People say give them your money.

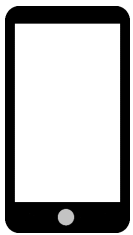

This is online abuse.

All online abuse is bad.
