

Show you can make choices.

It is about your money.

You went to a meeting.

It was about your money.

A person makes choices for you now.

It is about your money.

You want to make your own money choices.

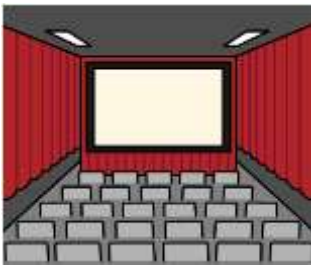

You do **not** want a different person to do it.

You need to show you can do it. Like

- you save money for your bills.

and

- you have some money to go out.

You need to do a form.

And

There is a form for a health person.

Like your doctor. They know you.

They say you can make choices.

We call it the health report form.

The forms

You need 2 forms. We call them

- Form 11
- and**
- health report form.

QCAT

QCAT has the forms.

Call QCAT 1300 753 228.

Fill in Form 11. A person can help you. Like

- your support worker.

It may be your

- doctor
- social worker
- therapist.

They know you well.

They do the form.

You may have more than 1 health person.

You can get each person to do a form. Like

QCAT may say yes.

You can make your own choices.

It is about your money.

Or

They may say no.

You can **not** make your own choices.

This can take a long time. Like 6 months.

This is the same as half a year.
